EDUCATION

Technical College of
Associate Degree in Mechanical Engineering

EXPERIENCE

Modiran Khodro (Official Chery Representative)

Dates: (2019-2022)

Technical Specialist

Started my career as a Technical Specialist with additional responsibilities overseeing the workshop team. Collaborated closely with Chinese managers from Chery, gaining valuable insights into technical operations, business management, and cross-cultural teamwork. Developed strong skills in technical analysis, team leadership, and understanding business processes within the automotive manufacturing industry.

Clever Iranian Shargh (Refrigerator Manufacturing)

Technical Specialist

Applied and implemented many of the technical and managerial skills acquired at Modiran Khodro to optimize production processes and improve quality control. Played a key role in advancing the company's technical capabilities and operational growth, including preventive maintenance systems and production standardization.

Imen Mehr Dayan

(License Plate Recognition Camera Startup)

Dates: (2024- Present)

marketing Manager

Co-founded a startup focused on developing high-accuracy smart license plate recognition cameras for security and urban transportation applications. Lead the technical design and product development efforts while contributing to business growth and client acquisition in organizational markets.

Web Design & Development Startup

Dates: (2025 - Present)

Founder

Launched a startup providing web design and development services, primarily focusing on front-end development using React and next.js. Currently expanding skill set to include back-end technologies to offer comprehensive, scalable web solutions.
